Professional summary

Accomplished web application developer and team leader, with a proven track record of implementing effective back and front-end solutions. I possess extensive experience, highlighted by a successful projects at La Fosse Academy. Passionate about solving complex engineering problems, I've developed a robust skill set in HTML, CSS, JavaScript, React, NodeJS, PostgreSQL and MongoDB. I aim to leverage my engineering background and recent intensive web development training to drive innovation and efficiency. Committed to continuous learning, I recently completed 12 week Bootcamp, enhancing my expertise in full stack web development and demonstrated leadership in guiding teams to success, I am eager to contribute to a dynamic environment and continue growing as a tech professional.

Skills

- **Front-End Web Development**: Proficient in creating engaging, responsive user interfaces using HTML, CSS, and JavaScript.
- **HTML, CSS, JavaScript Proficiency**: Demonstrated intermediate skills in HTML, CSS, and JavaScript, with a strong emphasis on creating modern, responsive web designs.
- **React Expertise**: Experienced in building complex user interfaces using React, with a focus on component-based architecture and efficient state management.
- **Web Browser APIs & HTTP Understanding**: Knowledgeable in web browser APIs and HTTP protocols to enhance user experience and application performance.
- **Full-Stack Development with NodeJS, PostgreSQL, and Express**: Proficient in developing robust back-end solutions using NodeJS, integrating PostgreSQL for database management, and employing Express for server-side logic.
- **Test-Driven Development (TDD) Proficiency**: Skilled in applying Test-Driven Development methodologies to ensure code reliability and maintainability.
- **Git and GitHub Mastery**: Expert in using Git and GitHub for version control, featuring strong competencies in branch management, merging, and conflict resolution.
- **Team Collaboration**: Proven track record of working effectively with cross-functional teams, contributing to a cohesive and productive working environment.

Work history

Tech Trainee   09/2023 - 11/2023
La Fosse Academy – London
- Completed 12-week intensive web development bootcamp.
- Project Managed small team in development and delivery of full-stack applications using React, NodeJS, and PostgreSQL.
- Applied agile principles and enhanced project management and teamwork skills.
- Strengthened proficiency in web development, emphasizing design and problem-solving.
- Using creativity and technical skillset to solve problems that arise during development process.

Heating Engineer   11/2018 - 11/2021
North Tyneside Council – North Shields, North Tyneside
- Coordinated access to properties and scheduled appointments with customers, optimizing scheduling efficiency and reducing turnaround time.
- Maintained heating systems in public facilities, conducting troubleshooting and repairs on an average of 50 systems per week.
- Demonstrated meticulous attention to detail, achieving a 15% improvement in system reliability.
- Exhibited effective time management, contributing to a 20% reduction in repair completion time.
- Displayed strong collaborative skills within the team, resulting in a 10% increase in overall team productivity.

Sales Advisor   08/2009 - 09/2018
Three UK – South Shields, South Tyneside
- Utilized active listening and relationship-building skills to assess customer needs, build rapport, and deliver viable solutions.
- Throughout the tenure, significantly elevated sales performance by a notable 10%, showcasing effectiveness in delivering exceptional customer service.
- Adeptly handled inquiries, resolved issues, and consistently met and exceeded set targets. This achievement reflects a commitment to outstanding customer service and a tangible impact on the organization's bottom line.

Education

Full Stack Web Developer: Software Development   09/2023 – 11/2023
La Fosse Academy - London

Certificate of Higher Education: Gas Engineering   09/2017 – 06/2018
Lomax - North Shields, North Tyneside

NVQ Level 3: Engineering   09/2004 – 06/2005
South Tyneside College - South Tyneside
